프로그램

Time	Session	Speaker
09:00-09:20	Registration	
09:20-09:30	Opening Remarks	
09:20-09:25	Opening Remark 1	대한신경중재치료의학회 회장 김병문
09:25-09:30	Opening Remark 2	대한뇌혈관내수술학회 회장 고준석
09:30-10:50	Session I. Case Presentation Session-1: Endovascular coiling cases	전남대학교병원 윤 응, 울산대학교병원 권순찬
09:30-09:39	Complementary functions of open surgery and endovascular treatment in ruptured internal carotid artery dorsal wall aneurysm	대구가톨릭대학교병원 조재훈
09:39-09:48	Delayed development of de novo contralateral vertebral artery dissecting aneurysm after endovascular treatment	대구가톨릭대학교병원 조재훈
09:48-09:57	Overlapping stenting for ruptured internal carotid artery dissection in a young female patient with fibromuscular dysplasia	부산대학교병원 이재일
09:57-10:06	Dissecting P2 segment aneurysm: regrowing and treatment	중앙대학교병원 변준수
10:06-10:15	Stent-assisted coil embolization of asymmetric hypoplastic M1 branch aneurysm by using Hook technique	서울아산병원 권보성
10:15-10:24	Coil embolization of MCA wide neck aneurysm with balloon assisted multi-catheter technique	세브란스병원 송대호
10:24-10:33	A case of complex large posterior communicating artery aneurysm treated with stent assisted coil embolization using intra-aneurysmal microcatheter looping technique	가톨릭대학교 성빈센트병원 이호준
10:33-10:42	Balloon-assisted microwire and microcatheter insertion into the severely curved artery for the unruptured cerebral aneurysm: case report	분당차병원 김태곤
10:42-10:50	Very wide neck ICA aneurysm in young age: Balloon-assisted double-catheter coil embolization	세브란스병원 박해기
10:50-11:10	Coffee Break	
11:10-12:20	Session II. Management of Complex Cerebral Aneurysms	강남세브란스병원 서상현, 가톨릭대학교 부천성모병원 김성림
11:10-11:40	Endovascular treatment of blister-like and ruptured dissecting aneurysms	순천향대학교 천안병원 윤석만
11:40-12:10	Management of intracranial large and giant aneurysms	서울대학교병원 강현승
12:10-12:20	Discussion	
12:20-14:00	Lunch	2층 디메들리(뷔페식당)

Time	Session	Speaker
14:00-15:20	Session III. Update on Endovascular Treatment of Cerebral Aneurysms	강동경희대학교병원 고준석, 인제대학교 부산백병원 정해웅
14:00-14:30	Flow diversion therapy-Korean experience	세브란스병원 김병문
14:30-15:00	Complications of flow diversion therapy	가톨릭대학교 서울성모병원 신용삼
15:00-15:20	Discussion	
15:20-15:40	Coffee Break	
15:40-17:20	Session IV. Case Presentation Session 2: Flow diversion and coiling cases	양산부산대학교병원 백승국, 가톨릭대학교 성빈센트병원 성재훈
15:40-15:50	Failed treatment of a ruptured blister aneurysm of the anterior communicating artery by placing a flow diverter in the A1	메디플렉스세종병원 최인섭
15:50-16:00	Reconstitution of the ophthalmic artery via endoleak following flow diverter treatment for large aneurysm	메디플렉스세종병원 최인섭
16:00-16:10	The FRED Jr flow-diverter stenting for vertebral artery dissecting aneurysm	서울아산병원 유지욱
16:10-16:20	Mass effect exacerbation after one side flow diversion	인제대학교 부산백병원 김성태
16:20-16:30	Direct carotid-cavernous fistula following intracavernous carotid aneurysm treatment with a flow-diverter stent: a case report	아주대학교병원 김미경
16:30-16:40	Coil Embolization of fast growing aneurysm	광주기독병원 문종현
16:40-16:50	Endovascular coiling for a wide-neck bifurcated aneurysm with multi-lobulation: A technical case report	한림대학교 성심병원 전홍준
16:50-17:00	Y stenting for unruptured basilar top aneurysm	세브란스병원 장창기
17:00-17:10	Coil embolization for a residual neck of ruptured aneurysm with remodeling of residual neck as well as pathologic arterial segment via Y stenting technique.	한일병원 허 원
17:10-17:20	Retrieval of migrated coil using Solitaire stent combined with aspiration technique	연세엑스병원 정진영
17:20-17:30	Closing Remarks	
17:20-17:25	Closing Remark 1	대한뇌혈관내수술학회 회장 고준석
17:25-17:30	Closing Remark 2	대한신경중재치료의학회 회장 김병문
18:00	Dinner	한양횃집(외부식당)
